1	Park has not been restored after flood	12/12/2021 2:17 AM
2	We love all the parks in Haywood County try to use them frequently but the biggest issue that can keep us away is safety and other individuals who do not respect the rules. We use the parks mainly for the walking trails and picnic areas. we love walking our dog but routinely run into the issue of others not leashing their dog and then being rude on confrontational when we ask them to leash their dog. its not fair to our dog who is always leashed to have to come up against another dog who she may not want to greet with an owner who does not have control of their off leash dog. We pay for memberships to Biltmore Estate because the leash law is enforced there and if we run into an issue Biltmore police are there immediately and take it very seriously. We tend to use their trails more often because we feel our dog is safer there. We also don't encounter homeless and drug users try to beg money at Biltmore nor to we ever find needles like we do in the parks. It would be nice to have staffed security at the parks	12/9/2021 12:14 PM

2	More playground equipment for kids	12/11/2021 7:02 PM
3	Include inclusion at all parks. It's not fair for disabilities to only be able to PLAY at one park.	12/7/2021 6:47 PM
4	Part of what's designated "greenway" in Haywood county does not at all meet the standard of greenway in other areas. It's not legit to just call any sidewalk a greenway. The county needs more safe paths and trails totally dedicated to walking/running/biking/skating/etc. that connect and create a network of safe recreational travel between all of the various towns and areas in the county. And PLEASE get the Waynesville Recreation Center and pool back open and fully staffed to its pre-pandemic levels. Working people need the center open at 5:00 AM, as our jobs start by 7/730/8 AM. PLEASE get the pool back to its old hours. Lap swimming needs to be available by 5:30 AM as it used to be. And the children's waterpark area needs to be back to its old hours! It's such a shame that it has such limited hours when it is one of the coolest resources in our county for exposing our little ones to safe, fun waterplay. PLEASE get the rec center and pool back on track!	12/3/2021 3:08 PM

33	My biggest desire would be a more complete paved or dirt Greenway easily used for running, biking, rollerblading, walking, etc. The existing "Greenway" does not feel safe for children, and it is kind of "chopped up" to truly enjoy it all at once. 123	Golf leagues or tournaments	9/29/2021 8:41 PM
124	The basketball goals and area at the Canton park aren't great. It feels like with a little surveillance the goals and court could be nicer, nets kept on the goals. The attempt at skate park there is also fairly poor. The pool and playground are nice. The addition of the dog park is nice also. The walking/running trail is ok. It is narrow and can feel a little congested at times and certainly would be if the facilities were upgraded and attracted more users.	9/29/2021 2:43 PM
125	Since you took all the trees down! Natural shade is needed! Sails hold so much heat! If you could get rid of mulch and add that rubbery ground cover that would be amazing!	9/29/2021 2:16 PM

139	Complete sidewalks where missing to safely connect more areas. The biggest omission to me right now is on Russ Ave and Dellwppd to Lake Junaluska. With our existing Greenway, the completion of that sidewalk would make a great long distance loop around all of Waynesville.	9/13/2021 8:21 AM
140	(1) Add obstacle course/s for adults; (2) add wooded running trails in/near towns -- we have all this green around us and few places to take a secluded wooded trail walk in/near town (like Mt. Airy Forest in Cincinnati)..	9/13/2021 8:00 AM

Overall Vance St. park/rec center are Great facilities and we use them often and enjoy/appreciate them. For small town we are fortunate to have such large facilities.	9/12/2021 10:33 PM

210	There desperately needs to be more pickle ball courts. Allen's Creek Parks seems to have the room, it is very accessible and there are already bathrooms. 3 courts is ideal - like the Armory. At the Balsam community Center (ran by Jackso County Parks. Rec in the Haywood Country line - manyHaywood County people play pickle ball there because of the limited places to play in Haywood County. There are so many people at Balsam on Saturdays (when the armory is not open)that you often have to wait 30 minutes between games. With 2 courts, like at Junaluska or Balsam, you want enough to show up to play, but not so many that you hardly get to play. 3 courts together is A good number	8/17/2021 9:19 PM

Q16 Please list below, any recreation facilities, programs or special events that you would like to see offered in Haywood County:

Answered: 337 Skipped: 540

#	RESPONSES	DATE
1	Non-sports related weeklong summer camps for children ages 5-18 (music, art, cooking, karate, dance, environmental, pre-teen adventure, etc...) Non-competitive instructional classes/programs for all age groups offered on an on-going or as scheduled basis (sewing, square dance, art, pottery, tiny chef, start smart introductory sports programs for 3-5 yr. olds, disc golf, archery, etc....) these programs would require facilities, but cross sector collaboration with schools, churches, community colleges, and local businesses would be of benefit.	12/16/2021 10:07 AM
2	I would like for the youth programs that Haywood County does offer to improve and actually be available. Many of the programs that are listed isn't currently available or not accepting applications.	12/12/2021 2:29 AM

Increase structured recreation activities for children and youth in the parks; Offer regular free play activities for toddlers/preschoolers and their parents inside gyms during the day in cold weather months. Suggest the county and municipalities in the county purchase tracks of land for future parks/recreation development. Develop a strategic land acquisition plan to ensure all the municipalities and Haywood Co continues to have adequate green space and recreation for future generations. Create a land trust that locals and visitors can support to help fund parks and rec. Also future planning to add a restroom at each park that currently doesn't have at least one restroom.	10/3/2021 1:07 PM

situation is as good as it can be considered they don't have a maintenance team, but something that that could be shared by them and the club team would be really nice. -I enjoy running, but not on concrete/asphalt as it's hard on the body. But there aren't any really good options. Maybe Chestnut Mtn will help resolve this on the Canton side of the county and fortunately I live close. But some other type of dirt trailed area could be nice. -We camp a lot, so possibly something more central to the county could be a hit. Though areas like Mt Pisgah, Davidson River are nice and not too far. Camping seems to have become more popular over the past decade and with increased tourism it can be hard for us locals to up and decide to go on the spur of the moment and find vacant facilities.

227	A safe outdoor basketball court in at least one of the parks in waynesville must be a top priority. Currently there is not a single court where a competitive basketball game can be played. Haywood county has some of the cleanest, most beautiful sections of whitewater and flatwater paddling right here in the county as well as in neighboring communities. To get kids and adults involved or even exposed to the outdoors through watersports (kayaking, rafting, canoeing, etc.) would be a great benefit to the community as a whole. It can bring in more outdoor tourism, more eco-friendly businesses, and further expand the county's reach in bringing outdoor brands and jobs to the county for years to come.	9/9/2021 10:08 AM

10	Trails. #18 I would pay to see plays at an amphitheater but I will not pay to go to a craft show or car show. Asking people to pay just to get through the gate is dated and brings in less money to the vendors. If the organization sponsoring the event needs to make money too then set up a booth and promote your sponsorship and future events and ask for donations to support your cause and keep 10% of the donations made for your organization. This gate keeper mentality is pushing people away. I know it did for us, our families and friends as well. If you have questions or need help just send a txt msg to me "D" at 828-788-4858. Best of luck. Also when you are implementing these plans and ideas push forward with wind, solar and hydro power to light and sustain your facilities. It will cost just a bit more up front but will definitely be beneficial in the long run and in the counties pocket. You could then put those saving to work promoting how you're saving the county money and how it's residents can too.	11/30/2021 1:45 PM
